An act to amend Section 15372 of, and to add Sections 15151.5 and 19216.5 to, the Elections Code, relating to elections.

LEGISLATIVE COUNSEL'S DIGEST

AB 2824, as amended, Thurmond. Elections: precinct reports.

Existing law requires an elections official to transmit the semifinal official results to the Secretary of State following commencement of the semifinal official canvass. After the official canvass, existing law requires an elections official to prepare a certified statement of the results of the election and submit it to the governing body. The elections official must also post the certified statement of the results on his or her Internet Web site in a downloadable spreadsheet format that may include a comma-separated values file or a tab-separated values file and that is compatible with a spreadsheet software application that is widely used at the time of the posting. Existing law requires the certified statement of the election results to be posted and maintained on the elections official's Internet Web site for a period of at least 10 years following the election.

This bill would require a county with the technical capacity to do so to post the information contained in the statement of the ~~result~~, *results*, as well as other available election data, on its Internet Web site beginning on election night and continuing ~~daily~~ *as specified* until the election results are certified. This bill would require the county to post this information in downloadable spreadsheet and Election Markup

Language (EML) formats, as specified. This bill would also decrease to 22 months the amount of time the certified statement of election results must be posted and maintained on the elections official’s Internet Web site.

This bill would also require a county elections official to propose a modification of its voting system to the Secretary of State for approval if modification of that system would enable the county to post required information on its Internet Web site immediately following the election, as specified.

By imposing additional obligations on ~~a county elections official,~~ *officials*, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.

*The people of the State of California do enact as follows:*

14 pursuant to Part 7 (commencing with Section 17500) of Division  
15 4 of Title 2 of the Government Code.
